DESCRIPTION

Tam Tam pendant light by **Fabien Dumas** for **Marset**.

It's a juicy bunch of grapes, Nick Mason's drums from Pink Floyd, the constellation of Perseus...there are so many examples that could be used to describe the Tam Tam, a new perception in the world of lamps, which extols repetitiveness by focusing on the archetypal lampshade: a number of light sources pointed in different directions, geometrically arranged to invoke a feeling of organized chaos.

Online for sale is an all-black version or a version with a central white shade and smaller ones in black, green and orange. Both options are pictured above.

Other colours and combinations are available by contacting our shop or showroom.

Each shade can be personalised in any of the following colours: black, white, orange, brown-grey, blue, green or sand.

DIMENSIONS

85.9w x 102.7d x 34.9cmh

An opalescent, methacrylate diffuser over the open end softens the light.

Tam Tam 3 is available with 3 satellite shades.
