## DESCRIPTION

**Fragile** by **Jaume Ramírez** for **Marset**.

Created by designer Jaume Ramírez for Marset in 2023, Fragile is a fusion of classic table lamps and modern design elements. Its geometric shapes - a cone, a sphere, and a cylinder - create a delicate yet solid lamp that emits ambient light. The transparent material not only reveals the light source but adds a sense of purity and lightness to any space.

A perfect blend of past and present, Fragile pays tribute to traditional oil lamps while embracing contemporary glass materials.

The Fragile won the Silver Delta Award “for being an iconic and timeless design, which draws from the archetype of the table lamp, and could become a classic of Spanish design. For turning a handcrafted piece into an industrialised product.”
