Manufacturer: **Marset**

DESCRIPTION

Atlas spotlight by **Joan Gaspar** for **Marset**.

The designer Joan Gaspar has transformed an ordinary bulb into a striking spotlight.

By following the silhouette of a standard bulb in a clear polycarbonate, Atlas becomes a spotlight cloaked in a transparent suit that allows you to see the internal structure. This not only adds a sense of style to the bulb but also makes the lamp lighter and more efficient.

Atlas was awarded the 2001 Silver Delta ADI FAD.
