

Djembé Pendant

Designer: **Joan Gaspar**

Manufacturer: **Marset**

£850

DESCRIPTION

Djembé Pendant by **Joan Gaspar** for **Marset**.

The Djembé pendant light, designed by the renowned Spanish designer Joan Gaspar in 2017, boasts a distinctive bell shape with gentle curves.

The surface of Djembé has been created using a rotomolding technique, with the outside having a stone-like texture that gives it a weighty appearance. The surface is white and smooth on the inside, making it an excellent reflective surface for light.

The pendant creates an impressive visual effect with significant indirect lighting, making it an elegant choice for any space.

Djembé comes in various sizes and muted tones, allowing you to position it alone or combine it with other lights to make a stunning statement piece.

The Djembé pendant light is dimmable. Includes ceiling rose.

200cm drop.
