

## Plaff-on! Outdoor light

Designer: **Joan Gaspar**

Manufacturer: **Marset**

£265

## DESCRIPTION

**Plaff-on! Outdoor light** by **Joan Gaspar** for **Marset**,

The Plaff-on! lamp is a beautifully simple and clear design, which creates a glowing halo to softly and naturally illuminate a space. Through innovative diffusers and rings, the lamp produces a more practical light than most wall or ceiling lamps.

Seemingly detached from the ring surrounding it, the white-blown glass diffuser appears suspended inside the circular frame. As light filters through the diffuser, it creates a radiant glow that spreads outwards, creating an ethereal halo-like effect.

The versatile interior light can be mounted as a wall or ceiling lamp. Can be used outdoors or in bathrooms.

## DIMENSIONS

9w x 16w x 16cmh

Light source (included): LED COB 230 VAC 8W 2700K CRI90 571lm.

## MATERIALS

Available in black and rust brown.

Structure made of lacquered aluminium which supports an opal blown glass shade.
