

Funiculi floor light, 1979

Designer: **Lluís Porqueras**

Manufacturer: **Marset**

£302

DESCRIPTION

Funiculi floor light by **Lluís Porqueras** for **Marset**.

The Funiculi family of lights were first designed in 1979 and derive their name from the concept of 'funicular' action.

This height-adjustable light has a simple and effective mechanism for raising and lowering the lamp head. A pair of clips are used to attach the lamp head to the stand, making it very easy to adjust the height of the shade and offering great flexibility of use. In addition, the shade itself can be rotated 360°.

Funiculi is also available as a **table lamp** and **wall light**: see 'More products in this range' below.

Quickship available in selected finishes.

DIMENSIONS

24.8dia x 135cmh

Shade: 18.diacm

MATERIALS

The bottom of the base is rubber for extra stability and the lamp is available in moss grey, off-white, black, green, terracotta and mustard.

Bulb: E27 LED 8W (**not included**).
