

## Split Joint table system, 2016

Designer:**Nendo**

Manufacturer:**Marsotto**

£2,356

### DESCRIPTION

**Split Joint modular table** by **Nendo** for **Marsotto**.

The Split Joint table system consists of a series of elements that can be used singly or combined to create numerous striking configurations.

Split A tables have a semi-circular tabletop. Split B tables have a rectangular tabletop. Each is available in low (40cmh) and high (72cm high) sizes.

The design of each component means that a single Split A or B may be used as a console table. Split A and Split B tables of the same size can be combined to create a coffee or side table. The insertion of a Split Joint table allows this configuration to be extended to create a dining or meeting table.

Marsotto Edizioni is recognised as an extraordinary collection created by some of the world's most eminent designers and architects, realised entirely in white Carrara and black Nero Marquina marble. A very diverse selection of functional and enduring designs.

'Our dream is to use marble in everyday objects. At the same time, we wish to preserve all the experience and the ancient manual techniques of our craftsmen. Some of the most brilliant international designers have participated with great enthusiasm to create a timeless collection of products'. Costanza and Mario Marsotto.

Exclusive to twentytwentyone.

## DIMENSIONS

Split A: 90w x 45d x 72cmh

Split B: 90w x 45d x 72cmh

Split Joint 60: 90w x 60d x 72cmh
