Manufacturer: **Maruni**

£4,876

Made to order

DESCRIPTION

Malta high table designed by **Naoto Fukasawa** for **Maruni**.

This simple table perfectly expresses the warmth, feel and texture of the wood. Your appreciation of this table will surely increase as you use it thanks to the natural appearance of its unique tabletop, which combines a variety of wooden panels characterized by different wood grains. The form of the table, due to an innovative balancing of the tabletop and legs, allows it to be harmoniously combined with any types of chairs. We have created model variations that allow you not only select the width but the depth as well.

'A table with a pure simplicity about it, it is made of oil-coated solid oak. The thick, round pillar legs give it a stable feel. The table will become more charming as time passes and goes perfectly with any type of chairs.' Naoto Fukasawa.

The wood used in this product is obtained from oak or walnut trees in North America that are managed and felled in a planned manner. If required, they can manufacture furniture with the FSC certification.

As solid wood with knots is used for the tabletop, there may be individual differences

MATERIALS

Available in 2 depths and 7 widths and in a choice of solid oak or walnut, the Malta low table provides solutions for a wide range of interior spaces.

Oak model is available in a choice of 4 finishes: clear urethane, whitish urethane, clear oil and whitish oil. Walnut model is available in clear and light brown urethane only.
