

## Malta steel table low, 2015

Designer: **Naoto Fukasawa**

Manufacturer: **Maruni**

£5,126

### DESCRIPTION

**Malta steel leg table low** by **Naoto Fukasawa** for **Maruni**.

The Malta steel leg table represents the first use of steel in the Maruni collection. A minimal steel frame with simple pillar legs provides an elegant counterpoint to the Malta pure wood tabletop.

The streamlined and minimal design of the Malta table is easily paired with a variety of different chairs. A choice of five sizes and solid oak or walnut tabletop ensures this table can be incorporated within a wide range of interior spaces.

Available in two different heights, 70cm (low) and 72cm (high).

### DIMENSIONS

180w x 90x 70cmh

200w x 90d x 70cmh

220w x 95d x 70cmh

240 x 105d x 70cmh

320 x 115d x 70cmh

Table can be custom-made to 10cm increments in width, from 180cm to 320cm, and 5cm increments in depth, from 85cm to 115cm.

Please enquire for details.

## MATERIALS

Oak model available in a clear urethane or whitish urethane finish.

Walnut model available in clear and light brown urethane finish.

The wood used in this product is obtained from oak or walnut trees in North America that are managed and felled in a planned manner.

See the downloadable specification sheet for samples of wood finishes.

The coating and glue used here reduce VOC emissions in manufacturing processes and finished products.
