

MC23 OTO Bench

Designer: **Studio Æ**

Manufacturer: **Mattiazzi**

£709

DESCRIPTION

MC23 OTO Bench by **Studio Æ** for **Mattiazzi**.

The 2023 Mattiazzi MC23 OTO series, designed by Studio Æ based in Berlin, showcases a captivating range of furniture. Inspired by architectural elements, the OTO collection comprises four distinct models, each with its own unique character. While all four models adhere to a shared construction principle, they vary in their proportions. The collection includes a bench, a side table, and two consoles of varying heights, with slender frames making them suitable for narrow hallways.

The beams of the furniture feature sculptural rounding on their inner edges, accomplished through the use of a custom-made milling tool. Crafted from Okoumé, an African wood sourced from responsible forestry practices, the bench is available in four distinct finishes. Each finish adds its own touch of style and charm to this exceptional piece of furniture.

DIMENSIONS

16w x 140d x 33cmh.

MATERIALS

Okoumé of African origin sourced from responsible forestry.
