DESCRIPTION

MC23 OTO Side Table by **Studio Ć** for **Mattiazzi**.

The 2023 Mattiazzi MC23 OTO series, designed by Berlin-based Studio Ć showcases a captivating design. Drawing inspiration from architectural elements, this collection consists of four models, each with its own unique characteristics. While all four models share a common construction principle, their proportions set them apart. The collection includes a bench, a side table, and two slender consoles of varying heights, great for narrow hallways.

At the heart of the design lies an organic curve, where the vertical and horizontal elements of the furniture converge, adding a heightened sense of elegance. To achieve this sculptural rounding of the inner edges, the craftsmen employ a specialized milling tool crafted exclusively for this purpose.

Crafted from responsibly sourced Okoumé, originating from Africa, the console comes in four distinct finishes, allowing you to choose the one that best suits your preferences.

DIMENSIONS

70w x 14d x 45cmh.
