DIMENSIONS

120 x 200cm

MATERIALS

Made from 100% Welsh wool.

Dry cleaning recommended, hand wash in cold water (30 degrees max) using a delicate detergent. Move the fabric gently in the water for a couple of minutes. Rinse with cold water and press the excess moisture out - don't wring. Follow with a quick spin in the washing machine. Gently pull into shape whilst damp to straighten, then line dry on a breezy day or dry flat. Cool iron if necessary.

Please avoid leaving the throw in water. This will damage the fibres, felting and shrinking the fabric.
