

JWDA Metallic table lamp, 2015

Designer: **Jonas Wagell**

Manufacturer: **Menu**

£170

DESCRIPTION

JWDA Metallic table lamp by **Jonas Wagell** for **Menu**.

Jonas Wagell's Metallic table lamp is a sophisticated blend of the tough and the fragile: a round brass or steel base with a dimmer switch is surmounted by an opal glass dome that casts a uniform diffused light. The design is inspired by the form of a traditional oil lamp.

A light ideally suited to a bedside table, a desk or sofa table. Of his designs, Wagell says: "I want to create products that can be used every day and become part of people's lives."

DIMENSIONS

17dia x 29cmh

MATERIALS

Available in polished brass with a brass switch, brushed steel with a steel switch, black powder-coated steel with a steel switch, or Bronze with brass switch.

Light source: G9 frosted bulb (included).

Please note: not suitable for use with LED bulbs.
