## DESCRIPTION

**Peak Up** by **Michael Anastassiades**.

Peak Up is a pendant lighting collection characterised by cone-shaped shades, creating an intriguingly abstract and geometric still-life visual. This versatile fixture designed in 2023 is well-suited for various settings.

The light is available in either an upward or downward direction and three installation arrangements: individually, in pairs, or as a trio. When the light is turned on, the shading on the curved surfaces undergoes a captivating transformation as it interacts with the light, creating an enchanting visual effect.
