

Model 64 Armchair

Designer: **Niels Otto Møller**

Manufacturer: **J L Møllers Møbelfabrik**

£1,148.33

DESCRIPTION

Model 64 Armchair by Niels Otto Møller for J.L. Møllers Møbelfabrik.

In 1944, Niels Otto Møller founded J.L. Møllers Møbelfabrik in Denmark. J. L. Møllers Møbelfabrik produces chairs of extremely high quality, in timeless designs. The chairs are sold over the whole world and the Møller chair has become the epitome of Danish design.

Chairs from J.L. Møller are assembled using old craft techniques. As far as possible no modern technology is used. Each employee is a specialist in a specific process for creating each chair, giving it a unique quality and elegance. All tenons, mortices and dowels are all glued by hand. Each chair is also polished by hand to give a better result than using a polishing machine.

The Nils Møller chair 64 was designed in 1966 and exemplifies the quality of design and construction.

DIMENSIONS

56w x 54d x 78cmh. Seat 44cm.
