Designed in 2021, Bed 90 - 180 is a bed which can transform from a single 90cm bed to a 140, 150, 160 or 180cm wide bed. The fully flexible and customisable bed can increase its width. All it needs is the right slat sizes. Use it as a single 90cm bed in the children's room, or double to size to a 180cm double bed fitting for the master bedroom.

It fits any length mattress and if the need arises to transform it into a bigger bed – simply buy the expander set. The bed is certified with the EU Ecolabel. Only materials and paints are used that help secure a healthy indoor environment in your bedroom.

Available in four different colours with optional bedside table options.

Please note: the 90cm slat size does not include the expander kit, but all other sizes do.
