DESCRIPTION

Peg Bench by **MOEBE**.

The Peg Collection was born from MOEBE's desire to explore the concept of connection and methods of combining separate pieces to create an easily constructed product that honours both form and function.

The Peg Bench is a versatile piece of furniture that effortlessly fits into any environment. Crafted from two halves, the bench is securely held together by sturdy pegs, hence its name. This design creates a convenient slot down the centre of the seat, allowing for easy movement with just one hand.

The narrow width of the bench makes it ideal for smaller spaces, including slim hallways and tight entrances.
