

Peg Stool

Manufacturer: **Moebe**

£205

DESCRIPTION

Peg Stool by **MOEBE**.

The Peg Collection was born from MOEBE's desire to explore the concept of connection and methods of combining separate pieces to create an easily constructed product that honours both form and function.

The Peg Stool is a versatile and compact seat crafted from two halves held together by sturdy pegs. This design creates a convenient slot down the centre of the stool, allowing for easy movement with just one hand.

When stacked, the stools create a fan shape, making an attractive design feature even when stored away at the side of the room.

DIMENSIONS

27.5w x 35d x 44cmh

MATERIALS

Made in Europe from FSC-certified oak.

Please note: this bench arrives flat packed and requires assembly.

Stackable up to three stools.
