

Shelving System S.85.2.D

Manufacturer: **Moebe**

£1,477

DESCRIPTION

Shelving System S.85.2.D by MOEBE.

Featuring two cupboards and shelves, the S.85.2.D Shelving System configuration from MOEBE provides ample storage. The system's modular design allows for endless adaptability to suit your unique space and evolving needs.

Assembly of the shelves does not require any screws or tools. Instead, the shelves and cabinets are secured using tapered wedges, which are wider at the bottom than at the top. Gravity works to push the weight downwards. The design ensures the shelves remain firmly in place and means there are no limitations on position.

To build a custom system, you can choose from four sizes of shelves, three leg lengths, a clothes bar, a dual-door cabinet, a desk and a back plate.

DIMENSIONS

163w x 35d x 85cmh

MATERIALS

The shelves and cabinets are available in oiled oak veneer, smoked oak veneer or black stained oak veneer.

The powder coated steel frame is available in deep blue, pine green, warm grey, black or white.

The black shelves are available with matching black frame only.

If you're interested in purchasing a custom configuration, please contact us [here](#) for more details.
