DESCRIPTION

Serpentine Light pendant by Front for Mooodi.

Featuring elaborate twists and turns design, the Serpentine Light designed by Front is a suspension lamp with a light feel. Made from paper, this 2022 design is made possible by playing with the tension and natural flow—discovering the limits of paper.

The translucent paper material diffuses the light evenly. It is a great pendant light for hanging over the dining table, hallway, or in office. The lightweight material and perpetual movement make the Serpentine Light an elegant suspension light that keeps you guessing.
