

Arrange Desktop Series

Designer: **Big Game**

Manufacturer: **Muuto**

£85

DESCRIPTION

Arrange Desktop Series by **BIG-GAME** for **Muuto**.

The Arrange desktop series is a flexible and functional storage solution for the home office and workplace. These useful desk accessories designed in 2020, make use of recycled materials and take shape with an architectural expression.

"We wanted to create a flexible system that allowed us to organize things on a desk or shelf. A focal point in the design process was to make the design playful by encouraging the user to interact with it, using and reconfiguring the combination of trays, paired with an expression that is inspired by contemporary architecture. With its trays made in 100% recycled plastic and lids in cork and aluminium, the Arrange Desktop Series brings a forward-thinking perspective to modern storage." — Big-Game

Please note: the trays and lids are available to purchase individually. Please **enquire** for details.
