The Fiber side chair is the latest addition to the Fiber range.

With a clear sculptural language, the Fiber side chair refuses to compromise on comfort. Stripped of all unnecessary layers, the chair forms one harmonious shell.

The form marries soft curves with an environmentally friendly wood fiber composite which gives a distinctive tactile texture while also keeping it 100% recyclable. It is lightweight with a slim visual profile and slides easily beneath tables and desks.

The chair is available with an upholstered seat in Remix 123 fabric and oak base.
