

Stacked Acoustic Panels

Designer: **JDS Architects**

Manufacturer: **Muuto**

~~Was £36~~ Now £30

DESCRIPTION

Stacked Acoustic Panels by **JDS Architects** for **Muuto**.

The Stacked system by JDS Architects is an adaptable storage solution with infinite potential. Using small clips you can arrange the generic building blocks as you see fit to quickly create shelf systems, room dividers or side tables.

The Stacked acoustic panels are designed to be easily fitted into the **Stacked shelving unit**. Versatile and functional, these sound-absorbing panels create a more conducive and comfortable working environment.

Please note; all orders must be made in multiples of 2 in the same colour.

Images on display are for reference only. Acoustic panels are sold separately and does not include the Stacked shelving unit.

To view the range of Stacked shelving units, please see the 'Products range' below.

Muuto's online **configurator** allows you to test various arrangements of the units and find the optimum solution for your needs.
