DESCRIPTION

Arced Mirror by **Rhys Cooper** for **Muuto**.

Reimagining the timeless charm of a traditional wooden mirror, Rhys Cooper introduces a contemporary twist with the Arced Mirror. Crafted in two versatile sizes, its subtle frame recess imparts a captivating window-like allure. Each mirror undergoes meticulous treatment with a wood stain colour and is elegantly finished with a clear matte lacquer, enhancing the natural character and grain of the spruce wood. Available in three distinct colours - the Arced Mirror offers a unique expression in any space.

“The Arced Mirror’s characteristic shape is both angular and rounded, blending my research on material extrusions with the classical shape of windows I see on my way to work in Sydney. I wanted to take a form that fits in various environments and put a subtle twist on it: the milled details and stained wood material make for a modern interpretation of a traditional form. That gives it a sense of familiarity while being pared back and sophisticated.”
