**Reflect Sideboard** by **Soren Rose** for **Muuto**.

The design and craftsmanship of the Reflect sideboard expresses the natural warmth of oak while referencing the masterly tradition of Scandinavian furniture making.

Designed in 2011, the classic form of the sideboard is given a contemporary twist by the concave detailing of the drawer and door fronts. Each panel has a subtle curvaceous plane that emphasises the grain of the wood and enhances the play of light across the surface.
