### DESCRIPTION

**70/70 Outdoor Table** by **TAF Architects** for **Muuto**.

The timeless elegance of the 70/70 Outdoor Table, meticulously crafted to blend simplicity with intricate details that captivate upon closer examination. Constructed from premium, weather-resistant Sapele Mahogany, this table ensures durability against outdoor elements. Over time, the wood gracefully transitions from its original reddish hue to a sophisticated grey patina, evoking a sense of rustic charm.

"The 70/70 table is a study in geometric forms identifying the dimensions for a well-balanced table. It has an almost anonymous expression but with careful detailing. The table is based upon two cast aluminium squared frames with the dimensions 70 x 70 centimetres. The simple Scandinavian aesthetics balanced with the warmth from the layered wood adds personality to the table with multiple functions, from dining table to home office." - **TAF Architects**.

**An optional Outdoor Cover is available for the 70/70 Outdoor Table, please enquire [here](#) to purchase.**
