

Linear Steel Side Chair

Designer: **Thomas Bentzen**

Manufacturer: **Muuto**

£305

DESCRIPTION

Linear Steel Side Chair by **Thomas Bentzen** for **Muuto**.

The Linear steel side chair designed in 2020, is composed of elegant clean lines and subtle design details to create a modern expression. Bentzen made no compromises when creating this chair, he has combined organic forms with comfort and long-lasting qualities to create a contrasting yet balanced chair. The clean lines of the seat and legs are complemented by the ergonomically curved backrest.

Thomas Bentzen has designed the chair rationally, the seat is part of the apron, therefore, using less material during production yet still making for a strong and durable design.

The Linear steel side chair is suitable for outdoor use.

DIMENSIONS

49.6w x 54d x 46/85.1cmh

MATERIALS

Frame and top are made from welded steel with a weather-resistant matt powder coated finish. The top is hot-dip galvanised while legs are aluzinctre.
