DESCRIPTION

Capas Rug by **Mathias Hahn** for **Nanimarquina**.

Inspired by old fashioned rugs, Nanimarquina recovers the essence of the rug, both in its texture and in its use. For the desert nomads, a house is built on a rug, as rugs originally served to protect people from the ground. They represented an object of daily use; as well as providing comfort, they also defined the space.

Over time, the rug has become a decorative element and a vehicle for cultural messages.

Due to the hand-woven production of the rug, it may have natural irregularities.
