

## Earth rug, 2016

Designer: **Nani Marquina**

Manufacturer: **Nanimarquina**

£2,782

## DESCRIPTION

**Earth rug** by **Nani Marquina** and **Ariadna Miquel** for **Nanimarquina**.

Inspired by old fashioned rugs, this collection recovers the essence of the rug, both in its texture and in its use. For the desert nomads, a house is built on a rug, as rugs originally served to protect people from the ground. They represented an object of daily use; as well as providing comfort, they also defined the space.

Over time, the rug has become a decorative element and a vehicle for cultural messages. The Earth collection represents a return to Earth's natural, sustainable materials.

Available in two sizes and a choice of colours: terracotta, ochre, cream, black, and khaki.

Please note, custom sizes available on request. **Contact us** for details.
