DESCRIPTION

Noche rug by Nani Marquina and Ariadna Miquel for Nanimarquina.

Inspired by old fashioned rugs, this collection recovers the essence of the rug, both in its texture and in its use. For the desert nomads, a house is built on a rug, as rugs originally served to protect people from the ground. They represented an object of daily use; as well as providing comfort, they also defined the space.

Over time, the rug has become a decorative element and a vehicle for cultural messages. Inspired by the silence and velvety texture of the night sky, the Noche rug represents a return to natural and sustainable materials.

Available in two sizes and a choice of colours: Black, blue, natural, and brown.

Please note, custom sizes available on request. **Contact us** for details.
