DESCRIPTION

Vegetal rug by **Nani Marquina and Ariadna Miquel** for **Nanimarquina**.

Inspired by old fashioned rugs, Nanimarquina recovers the essence of the rug, both in its texture and in its use. For the desert nomads, a house is built on a rug, as rugs originally served to protect people from the ground. They represented an object of daily use; as well as providing comfort, they also defined the space.

Over time, the rug has become a decorative element and a vehicle for cultural messages.

Available in two sizes and a choice of colours: Garnet, greenish grey, natural, black, and brown.

Please note, custom sizes available on request. **Contact us** for details.
