DESCRIPTION

Tres Outdoor Rug by **Nani Marquina** and **Elisa Padrón** for **Nanimarquina**.

Nani Marquina brings the warmth of interior spaces outdoors with the Tres outdoor rug collection. Define spaces and create a comfortable outdoor ambience with the range which features vibrant textures combined with different thicknesses and fibre blends.

The rugs are made with 100% recyclable PET using the Dhurrie handloom method. Dhurrie is characterised by being a flat-structure rug, formed from the crossover between the weft and the warp strands. Warp and weft enjoy the same prominence within the design configuration; since they are evenly spaced, both are visible.

Available in ten colours: Black, Salvia, Ochre, Green, Blue, Chocolate, Pearl, Texture Black, Stripes Black and Texture Mustard.

Please note, custom sizes available on request. **Contact us** for details.

MATERIALS

Made 100% from recycled PET.

Material produced through the process of recovery and reuse of polyethylene (PET) waste, from which a lightweight fiber is obtained. Recycled PET presents a high resistance to wear and offers good thermal properties, which makes it a perfect fiber for outdoor rugs.

The environmental benefits of this process are countless: it reduces environmental impact, avoids the use of non-renewable natural resources and reduces energy consumption.

Cleaning advice:

Wet cleaning

Air dry

Shake or hose the rug down

Valid for outdoor use

Vacuum frequently

Clean any stains with the appropriate solution before they dry.

Take the rug to specialized dry cleaners, if necessary.
