

Doblecara Reversible Rug, 2023

Designer: **Ronan Bouroullec**

Manufacturer: **Nanimarquina**

£2,864

DESCRIPTION

Doblecara Reversible Rug by **Ronan Bouroullec** for **Nanimarquina**.

Designed by Ronan Bouroullec, the Doblecara rugs display linear strokes intermittently positioned to create a sense of movement. Highly versatile, each design is reversible, with the 'B' side featuring a more subtle and delicate design and the 'A' side highlighting the straight-lined design to its fullest extent.

Doblecara's development relied on a unique technique combining traditional kilim and hand-knotting to create distinct lines. The finishing result is a rug that is visually striking and durable.

Every rug is crafted by hand using hand-spun Afghan wool. This technique provides a rustic look, with the inherent irregularities adding to the rug's charm.

The collection consists of four rugs in different colour combinations: black/beige, beige/black, beige/red, and beige/beige.

Please note, custom sizes available on request. **Contact us** for details.
