DESCRIPTION

Pearls Runner by **Sabine Finkenauer** for **Nanimarquina**.

The Pearls runner features rounded forms that come together to create a carpet ideal for narrow spaces and hallways. Despite the seemingly simple shapes, they result from a combination of elements working together to form a cohesive whole.

The design stays true to Sabine Finkenauer's style, which often features geometric shapes and vibrant colours, and takes influence from artists such as Alexander Calder, Joan Miró and Paul Klee.

The Pearls collection utilises traditional hand-tufted weaving techniques, resulting in a durable, soft-touch rug.
