DESCRIPTION

Kepler Pendant by **Arihiro Miyake** for **Nemo Lighting**.

The Kepler pendant is an elegant circular pendant designed by Arihiro Miyake, perfect for residential or commercial use. The pendant features a continuous circular design made using a continuous line of painted aluminium extrusion.

The design is made possible by the three-dimensional machining process engineered by Nemo and designed on the basis of the geometric principle of the Möbius strip.

Available with an upward light source or downward light source in matt white, black or gold painted finishes.
