

## Kepler Minor Pendant

Designer: **Arihiro Miyake**

Manufacturer: **Nemo Lighting**

£1,533

### DESCRIPTION

**Kepler Minor Pendant** by **Arihiro Miyake** for **Nemo Lighting**.

The Kepler Minor pendant is the smaller version of the Kepler pendant, an elegant circular pendant designed by Arihiro Miyake. Great for residential or commercial use. The pendant features a continuous circular design made using a continuous line of painted aluminium extrusion.

The design is made possible by the three-dimensional machining process engineered by Nemo and designed on the basis of the geometric principle of the Moebius strip.

Available with an upward light source or downward light source in matt white, black or gold painted finishes.

### DIMENSIONS

84dia x 32-35cmh
