

Ellisse Double Mega Pendant

Manufacturer: **Nemo Lighting**

£3,322

DESCRIPTION

Ellisse Double Mega Pendant by Nemo Lighting.

Together with the Ellisse Mega pendant, the Ellisse Double mega pendant is the largest in the Ellisse family. The large rings of extruded aluminium are available in three colours and are the perfect addition to larger rooms in the home or combined with the smaller Ellisse pendants to create a sculptural lighting solution.

This pendant is subtle in appearance thanks to the slender and sleek rings, but still makes a big impact when placed in an entranceway or over a dining table. The pendant provides direct or indirect diffused light through an opal diffuser and has been made using a proprietary extrusion coupling technology.
