

Tense wall lamp, 2022

Designer: **Panter and Tourron**

Manufacturer: **New Works**

£199

DESCRIPTION

Tense wall lamp by Panter & Tourron for New Works.

Part of the New Works Tense Series of lighting, the Tense wall lamp features the same airy, light cloud-like design. The Tyvek shades diffuse the light and create a sculptural sense suitable for different interior settings. Supported by a black powder-coated aluminium base, the shade brings a softness-like fabric quality and resembles crisp paper, with its crinkled texture highlighted in a delicate exchange of light and shadow. The Tyvek shade also offers strength, class 1 flame retardancy, and 100% recyclability.

The Tense Wall Lamp comes with an integrated LED light source and a discrete pin switch by the base.

DIMENSIONS

35.5w x 11d x 32.5cmh, 1.5kg
