DESCRIPTION

Tense pendant light by **Panter & Tourron** for **New Works**.

Appearing like a cloud in the sky, the Tense pendant light designed by Panter and Tourron floats over rooms like a weightless cloud. The shade is constructed from Tyvek, which is durable, soft and 100% recyclable. The flexible property of Tyvek allows the diffuser to highlight the cloud-like qualities of the lamp.

Finished with a slimline LED light source, all components fit into a slim box for ease of transport. Available in three different sizes, the pendant is ideal for small or large spaces. Use the large pendant as a showpiece or combine a few small and medium pendants to create a breathtaking composition of lights.
