DESCRIPTION

December Canvas Lounge Chair by **Jasper Morrison + Wataru Kumano** for **Nikari**.

The December Lounge Chair, designed in 2016, is crafted from high-quality natural materials and has a relaxed, informal design. It offers exceptional comfort with its low stature and gently reclined seatback angle. Compared to its sister chair, it has a broader and deeper seat and solid wood armrests that add to its relaxed look and feel.

"It's a basic but comfortable low chair with a slightly rural character and definite Scandinavian influence, the kind of chair you would have in a country house near the fire, though it could work in a city apartment or a hotel lobby just as well."

- Jasper Morrison and Wataru Kumano

The chair is available with the seat and back in linen canvas material. The December Lounge is also available with a leather back and seat **here**.
