## Faneeri Folding Chair

Manufacturer: **Nikari**

### DESCRIPTION

**Faneeri Folding Chair** by **Jonas Forsman** for **Nikari**.

The Faneeri folding chair, designed by Jonas Forsman in 2024, marries comfort with practical design. When unfolded, the chair reveals a naturally curved backrest, while folding it renders it flat, making it perfect for storage.

Crafted from thin cross-laminated veneers, the backrest seamlessly connects the front and back legs. This construction not only amplifies strength and comfort but also eliminates the necessity for stretchers between the legs, resulting in a clean and uncomplicated silhouette.

Adding to its versatility, the chair is stackable, making it ideal for contract spaces, while its compact design makes it suitable for small homes.

twentytwentyone is the exclusive agent of Nikari in the UK.

The Faneeri Folding Chair won 'Seating Design of the Year' and 'Design Project of the Year' at the Dezeen Awards 2024.
