DESCRIPTION

Seminar KVT2 Chair by **Kari Virtanen** for **Nikari**.

The Seminar KVT2 Chair was designed in 1997 by Kari Virtanen as a stackable version of the smaller-sized KVT1 chair.

The Seminar collection was developed by Nikari's founder, the master cabinetmaker Kari Virtanen, following a lecture he gave to design students on the subject of traditional wooden chairs. His ideas were realised in the Seminar collection, built upon over the years to include chairs, tables and benches. The Seminar collection is ideal for use in public spaces.

The KVT2 is crafted from birch, ash or oak and is available with a wooden seat or seat upholstered in various fabrics.

Please see 'More products in the range' for other models in the Seminar collection of seating objects.
