DESCRIPTION

Storia Spoke-Back Chair by **Kari Virtanen** for **Nikari**.

The Storia chair emanates a distinctly Nordic spirit through its unadorned structure and meticulous craftsmanship. Its traditional silhouette has been updated using contemporary features and proportions, seamlessly blending gentle curves with a clear-cut design.

On top of the seat, the intricate joinery comes into view, a testament to the skills of the designer and the founder of Nikari, Kari Virtanen.

The inception of the Storia chair originated from Virtanen's desire to honour Kaj Franck, widely recognised as the pioneer of contemporary design in Finland. Virtanen collaborated closely with Franck during the 1970s and was inspired to create this chair after being awarded the Kaj Franck Design Award in 2022.
