

February Table

Designer: **Thomas Sandell**

Manufacturer: **Nikari**

£1,087

DESCRIPTION

February Table by **Thomas Sandell** for **Nikari**.

The February Table was designed in 2012 and features a distinctive handle design that makes it easy to move around. The table's construction was inspired by Nordic craftsmanship tradition, with a slim stem countered by a heavy granite base that provides great stability. The February Table is perfect for small spaces due to its reduced footprint and portability.

The table is part of the 12 Designs for Nature collection which brought twelve designers and design studios to produce products that reflect Nikari's design philosophy. The project was a result of a collaboration with WWF Finland, and part of the sales are donated to protect rainforests and forests globally.

twentytwentyone is the exclusive agent of Nikari in the UK.

DIMENSIONS

40dia x 46/70cmh

MATERIALS

Available in ash with granite base. Ash finished with mixed natural wood oil.
