DESCRIPTION

19 Outdoors Stacking Chair by the **Butterfield Brothers** for **Nine**.

The 19 Outdoors furniture collection draws inspiration from the 19 Chairs charity project Tom and Will Butterfield created during the COVID-19 lockdown. In just nineteen days, the brothers crafted nineteen chairs made entirely from wooden screws and timber. The chairs were then passed on to other creatives, including Tom Dixon, Es Devlin, and Max Siedentopf, who added their own unique flair to each one. The final creations were auctioned off to raise funds for Age UK.

Designed in 2023, the collection boasts a cohesive look using consistent materials, colours, and proportions. There is a wide range of seats and tables, allowing the opportunity to experiment with different designs to find the perfect fit for your space.

Designed specifically for outdoor use, the dining chair embodies style and durability while providing optimal comfort. It's streamlined design and ergonomic support guarantee a delightful seating experience during al fresco meals, whilst its stackability allows for convenient storage when not in use.

Please note: there is a minimum order quantity of two chairs in the same finish.
