

Bolt

Designer: **Lennart Ebert**

Manufacturer: **Nine**

£259

DESCRIPTION

Bolt by Lennart Ebert for **Nine**.

Bolt is a collection of shelving units built from two fundamental components: sturdy oak rods and folded sheet steel shelves. Practical and minimalist in aesthetic, the shelves elegantly fold around the wooden frame, contributing to the unit's stability.

With threaded screws already integrated into the uprights, these units are cleverly designed for effortless assembly without any tools needed.

Available in two widths, two heights and three colour combinations, Bolt can be customised to suit your space.

DIMENSIONS

Small (2 shelves): 100w x 30d x 53cmh

Small (3 shelves): 100w x 30d x 88cmh

Large (2 shelves): 200w x 30d x 53cmh

Large (3 shelves): <200w x 30d x 88cmh/p>

MATERIALS

Frame made from lacquered oak sourced from well-managed, traceable forests.

Shelves made from steel.
