Calamaio

Designer: **Cervellieri Di Lorenzo Montini**

Manufacturer: **Oluce**

£588

DESCRIPTION

Calamaio by **Cervellieri, Di Lorenzo, Montini** for **Oluce**.

Calamaio is an adaptable desk lamp designed to bring light precisely where needed, featuring a rotating head mounted on a mobile structure. Crafted entirely from metal, it consists of two slim cylindrical stems connected by a pivot that enables the lamp head's orientation. Positioned at the lamp's end, the LED light source generates a focused light beam.

The body of Calamaio is affixed to a spherical element resting on a circular base, allowing for expansive rotation. Its modern design follows the flow of pure and essential forms, inviting interaction with the user.

Light and versatile, the lamp is available in vibrant colours and glossy finish options of scarlet red, mustard yellow, and satin black nickel.

DIMENSIONS

17dia x 37cmh
