DESCRIPTION

Opala pendant light by **Hans Wegner** for **Pandul**.

The Opala MIDI pendant light was one of three Opala lamps originally designed for Hotel Scandinavia in Copenhagen. The pendant was sold for many years both for offices, public buildings, private homes, and for large projects like the Churchill College in Cambridge designed by architect Henning Larsen.

The Opala pendant once was manufactured in a maxi size; vintage editions are very rare. The Opala Pendant is now available in a new mini size, never previously produced, as well as the midi size.
