

## Le Nomade Soap

Manufacturer: **ORRIS**

£10.42

### DESCRIPTION

**Le Nomade Soap** by **ORRIS**.

Crafted as a tribute to hunter-gatherers and pastoral nomads, Le Nomade artisanal botanical soap pays homage to the Berbère peoples of North Africa, who traditionally follow the seasonal movements of grazing livestock. The captivating woody aromas of Cedarwood and Cypress transport you to the desert scenery of the Atlas Mountains.

Its revitalising formula includes turmeric, which effectively fights dryness, dullness, and skin prone to eczema or psoriasis by harnessing the power of antioxidant and anti-inflammatory compounds, and Sheep's Milk which gently hydrates the skin.

ORRIS soaps are meticulously handmade with premium botanical ingredients. Each soap is carefully prepared in small batches using traditional cold process methods and allowed to mature for over six weeks to produce a velvety and smooth lather that is gentle on the skin.
