DESCRIPTION

Le Soliste Soap by **ORRIS**.

Le Soliste is a gentle cleansing bar for the face and body. Free of fragrance and minimalist in design, it gently eliminates impurities, promoting a luminous and radiant complexion.

Its natural formula includes Postbiotic Fermented Rice Water, an integral ingredient used for centuries in Japanese cleansing and toning practices. As a result of the fermentation process, rice proteins are converted into beneficial amino acids and nourishing Vitamins B and E, which are beneficial to the skin.

ORRIS soaps are meticulously handmade with premium botanical ingredients. Each soap is carefully prepared in small batches using traditional cold process methods and allowed to mature for over six weeks to produce a velvety and smooth lather that is gentle on the skin.
